Ancient and Honorable Artillery Company of Massachusetts Chartered 1638

The First Military Company Chartered in the Western Hemisphere

As the settlements which followed the landing at Plymouth increased and spread across Massachusetts, there was no organized military force for protection against the Indians. So-called "Train Bands" were formed in different settlements, but these were only local volunteer companies and there was no joint action or centralized authority. A number of settlers had been members of the Honorable Artillery Company of London (organized and chartered in 1537) and it was natural that the military training they had received in that Company should lead them to desire to form a similar organization in the new country. In 1637 the Company was formed for the instruction in discipline and tactics. Upon petition, Governor Winthrop and The Great and General Court of the Commonwealth granted a Charter in March 1638. On the first Monday in June following, an election of Officers was held on Boston Common. Since that time, the Company has maintained the tradition of having its annual election on Boston Common on the first Monday in June by casting their votes on the Drum Head.

Since 1746, the Headquarters of the Ancients has been located in Faneuil Hall, an Historic edifice known to all Americans. In the Armory, the Company maintains a unique Military Museum and Library, which is without equal in the United States. Here are relics of every war in which the Country has engaged since settlement. The Armory is open to the public daily and many thousands of visitors from every part of the world register every year in the guest book.

Members of the Company trod the fields of every battlefield of New England; they fought for freedom on foreign soil; they judged the courts, they pleaded at the bar; they instituted town government and leveled forests and they were active in settling the towns of the frontier.

Members of The Ancient and Honorable Artillery Company have served in every battlefield from Bunker Hill to Yorktown, the War of 1812 and the Civil War, both World Wars, Korea, Vietnam, Desert Storm, and Afghanistan. Its members still serve at home and abroad today.

This is the same Company that Washington knew, that Franklin saw march through the streets of Boston, that John Adams and John Quincy Adams visited, that has had eleven members who received the nation's highest military decoration - the Medal of Honor - and has had four of its members serve in the world's most important office, President of the United States: Presidents James Monroe, Chester Alan Arthur, Calvin Coolidge and John F. Kennedy, the same Company which has always will stood for, and always will stand for, the best in Citizenship.
